### WORK EXPERIENCE

**MBA Summer Intern (Indian Oil Corporation Limited, Noida)**

**Apr 2017 - Jun 2017**

**Project Title:** To study the impact of fuel & non-fuel services offered to the consumers at IOCL retail outlets at Noida and Ghaziabad (Uttar Pradesh).

#### Project Description:

- Analysed the satisfaction level of consumers upon the quality & quantity of fuel services offered to them.
- Studied the consumers' perception towards non-fuel services offered at IOCL retail outlets.
- Analysed the sales of retail outlets which are under-performing as well as retail outlets which are performing well as per the expectations (expectation level calculated). Identified the factors that are responsible for under-performance & good performance of the retail outlets. Presented analysis & suggested solution(s) for such under-performing outlets so that their sales figures improve in future.

**Assistant Manager – IT (Indian Synthetic Rubber Private Limited, Noida)**

**Mar 2014 - Jun 2016**

#### Work Description:

- Supported the Power Users upon SAP-PPPI issues pertaining to Master Data maintenance, day-to-day transaction posting, etc.
- Resolved over 80+ SAP issues in co-ordination with IOCL-SAP Team.
- Monitored IT applications such as FRACS (Face Recognition Access Control System). Successful implementation of Inttelix FRACS at Panipat (Plant) for maintaining attendance records of 600+ contract labours on a daily basis.

**Executive – IT (Reliance Corporate IT Park Limited, Navi Mumbai)**

**Sep 2011 – Feb 2014**

#### Work Description:

- Worked on SAP-PPPI (Production Planning in Process Industries) module as a core member of the RIL-IT Team. Conducted training sessions & demonstrated SAP-PPPI overview to RIL business users and Power users.
- Resolved more than 150 SAP-Issues raised by the business users in Reliance SAP Issue Management System pertaining to Production Client. It includes the issues raised across 14 different sites covering 100+ Plants.
- Hands-on with ARIS modeling, which is one of the most popular Business Process Management Tool. ARIS would act as a process repository and a single source of truth for different business processes at RIL.
- Modeled business processes for Manufacturing (Non-SAP) business track in ARIS for the following systems:-
  - Operations Management Pro (OMPro)
  - Laboratory Information Management System (LIMS)
  - Knowledge Management System (KMS)
- Trained on Ancile UPerform Application (also known as SPP-RWD application) for preparing training manual content.
- Created and published 72 training manuals for various transaction codes & developments w.r.t. different line of business (i.e., Cracker/Polymer/Polyester) for SAP end-users on RIL portal.
